“ Hi

This message is from EdnaJoyce in Arizona, Clyde and Dee told me that Uncle Eugene had passed. I didn't have a current phone number and didn't get an answer from your business number but I wanted to send my thoughts and respect in your fathers' and grandfathers' passing. Remember I used to live with the family during some summers on Aberdeen. I enjoyed his jokes and listening to him sing in his quartet. I know this is your business but the emotions are always different when it's personal. I send you compassion and prayers.
