“ To the Rice family,

Marcelle and I worked together for years at Englewood Learning Center, where Marcelle served as a special education teacher serving severely emotionally disturbed and developmentally delayed students. Several memories stand out from those years.

Marcelle always focused on students' potential, never on their limitations. She had a smile and carried herself so that students always knew that she cared about them, but that they should not try her. Finally she loved riding up to the school on her motorcycle with her black leathers on. I always looked forward to her arrival and the joy and positive spirit that she brought with her.

I will miss her.

To the family with love,

Michael Alexander
